EDUCATION

B.Tech in Computer Science and Engineering

Maharishi Markandeshwar (Deemed to be University), Mullana, Ambala, Haryana

July 20223 – May 2027

Cumulative GPA: 6.7/10

Senior Secondary Education

Pandit Jawaharlal Nehru (PT. JLN) Inter College , Marhowrah,saran, Bihar

April 2019 – March 2021

Percentage: 60%

PROJECTS

- **Video Conferencing Web Application**

Developed a real-time video conferencing web app using React , CSS, JavaScript, and WebRTC with features like video/audio calling, chat, and secure user login, ensuring a responsive UI and low-latency communication.

- **PGSaathi – PG & Rental Room Finder Platform**

- Developed a full-stack web application to help students and working professionals find PGs and rental rooms based on location.
- Implemented secure user authentication with registration and login functionality.
- Built **property search and filtering** features with room details, images, pricing, and amenities.
- Developed an **Owner Dashboard** for adding, updating, and managing PG/room listings.
- Used **Node.js**, **Express.js**, and **MongoDB** to build REST APIs and manage application data.
- signed a responsive and user-friendly interface using **HTML**, **CSS**, and **JavaScript** .

WORK EXPERIENCE

Frontend Development Intern — Cognifyz Technologies

March 2026

- Developed a Video Conferencing Web Application using web technologies.
- Implemented features like user authentication, video calling interface, meeting management, and responsive UI.
- Worked on frontend and backend integration for real-time communication.
- Improved problem-solving and teamwork skills during the internship.

SKILLS

- **Programming:** java, JavaScript , HTML/CSS
- **Backend & Database:** Node.js, Express.js, MongoDB, MySQL
- **Framework & Libraries:** Express.js , React.js , Bootstrap
- **Relevant Courses:** Data Structures and Algorithms, Object-Oriented Programming
- **Soft Skills:** Leadership, Adaptability, Problem-solving
- **Version-Control :** Git&GitHub
- **Tools :** vs-code,Docker(Basic),Kubernetes

CERTIFICATIONS

- Frontend Development Internship – **Cognifyz Technologies** **June 2025**
- Full Stack Web Development – (**Apna College**) **May 2024**
- Data Structures & Algorithms (DSA) – (**Apna College**) **June 2025**

EXTRACURRICULAR ACTIVITIES

- Participation in Coding Round of Alpha Intern DSA competition
- Participated in the Inter-University Decode DSA Competition (Alpha Intern)
